# NAB 4 SUSPECTS FOR MURDER

## CIVIC LEADERS ACT TO OBTAIN CARE FOR T.B.'S

Farm Group Spon-  
sors Meeting to Get  
Proper Care  
WANT ELECTION

What measures could be taken in this county to secure adequate funds to care for tuberculosis patients were discussed at a meeting of representatives of civic groups Thursday evening at the Farm Bureau building. The meeting was called by the Home and Farm Bureau and was the outgrowth of a lesson on tuberculosis given last October in the women's organization.

Conditions in this county were briefly surveyed by Miss Grace Whittington, Home Bureau Adviser. She stated that it is not known how many active cases there are in this county but that for 1936 statistics showed that there were 33 deaths attributed to the disease. It is estimated, she said, that for every death ten people are infected, making a high rate of tubercular patients here. If sent to hospitals for care, the cost to the county is about \$1,000 a year.

Miss Whittington pointed out that the Glackin law passed some years ago by the state legislature makes provisions for raising funds to care for this type of patients. Under this statute, a levy not to exceed one and one-half mills may be made after the matter has been voted upon at a general election. To bring the matter to consideration of the voters, a petition signed by a hundred voters must be presented to the board of supervisors.

Need 100 Signers  
Dr. A. L. Nickerson, head of the Christmas seal movement here, said that it is estimated that there are between 250 and 300 active cases in the county and that not all of the cases are reported. He pointed out that cures are possible but that they take time. He said the money realized from the seal sale is so small that the officers are not able to accomplish much, although milk has been purchased

## Overheated Furnace Sets House Afire

Fire believed to have originated from an overheated furnace in the home of Edward Dutoir, 263 South Sixth avenue, burned upward in two walls to the second floor, causing damage on all floors.

The loss was not immediately determined, but it is expected to approximate \$800. Firemen received the alarm at 6:53 a. m. and fought the flames for nearly an hour and a half. Two leads of hose were laid.

Dutoir said he built a fire in the furnace at 6 a. m. His invalid wife, Ida, smelled smoke in the house shortly before 7 a. m. They roused their son and grandson, asleep upstairs, and all got out safely.

The flames travelled from over the furnace to the other side of the house underneath the first floor, then shot upstairs in two places, in a stairwell and an inner wall. One small section of the roof was burned through but the outer walls were of brick and were not damaged. Some of the furniture was saved. The dwelling was insured.

## Savings and Loan Company's Ad Wins National Contest

An advertisement of the Kankakee Federal Savings and Loan association, carried in the columns of the Republican-News during 1937, was adjudged the "ad-of-the-year" this week at the national convention of the American Savings and Loan Institute in Columbus, O.

Clifford Mann and Glen Schneider of the local association, who were among some 250 delegates of building and loan organizations attending from every state in the union, returned Wednesday from Columbus with a silver plaque, emblematic of the honor. Mann is in charge of advertising for the Kankakee association. The plaque and the winning advertisement are on display in a window of the local firm.

The advertisement showed a man and his wife stretching a huge dollar

Death for Her?

Mrs. Patricia Ryan (above), 20, sobbed in New York as questioning of jurors at her trial on charges of slaying her husband, Michael Ryan, Bronx policeman, with his service revolver, indicated that the state would ask the death penalty for her. Defense attorneys indicated they would plead self-defense.

## EDITOR BLAMES FEAR AS CAUSE OF RECESSION

Speed of Progress Is  
Too Fast These  
Days, He Says

"In all generations, the thing most feared has been progress. That was the theme from which Arthur C. Page of Chicago, associate editor of Prairie Farmer magazine, based his talk at the Rotary club's farm meeting Thursday noon in the Hotel Kankakee. About 75 persons, including some 30 farmers, heard his address.

Nothing but just plain fear has caused the present recession, according to Page, who until recently directed the noonday dinner bell programs on radio station WLS. He believes that the present lull in business will be forgotten within a few months.

"The reason a large group of people has been afraid is because of the great surge of progress in the past quarter of a century. America

## Credits Success of Sale to 3 Ads

Buyers at the Art Werft farm sale conducted recently in Pembroke township came from a radius of 50 miles or more. Among the towns represented at the sale were Lowell, Ind., Watseka, Reddick, Forrest and many others.

Half of the property sold left the vicinity, according to Werft. "Drawing these distant buyers," he writes, "can only be credited to our advertising in your paper." He ran three advertisements in the Republican-News.

## NAMED FOREIGN SECRETARY FOR BRITISH EMPIRE

Appointment Made  
in Spite of Labor  
Party's Threat  
KING PLEASED

By JAMES C. OLDFIELD

London, Feb. 25.—(AP)—Viscount Halifax, hitherto lord president of the council and former viceroy of India, today was formally named foreign secretary in spite of the labor party's sharp warning the appointment would raise a constitutional issue.

Prime Minister Neville Chamberlain announced that Lord Halifax, who was his emissary on a special visit to Reichsfuehrer Hitler last November, would take over the post vacated by Anthony Eden, who declined to follow Chamberlain's realistic foreign policy.

R. A. Butler, former undersecretary for India, was named parliamentary undersecretary for foreign affairs, to represent the foreign office in the house of commons.

Chamberlain, however, will deal with all important matters of foreign policy in commons, since Lord Halifax, as a peer, can not answer questions in that house.

The announcement that King George "was pleased to approve" Lord Halifax's appointment, was made after the king had been journeyed for the week-end.

Clement R. Attlee, leader of the labor opposition, gave notice the opposition would wage a constant campaign against Lord Halifax, who has been acting as head of the foreign office since Eden's resignation Sunday night.

Moving to give effect to Chamberlain's policy of dealing realistically with Fascist powers in the search for European peace, Lord Halifax conferred at length with the Earl of Perth, ambassador to Rome.

Lord Perth is in London to receive instructions for the Anglo-Italian talks beginning in Rome next week, in which Chamberlain hopes to effect with Premier Mussolini a new understanding on questions long at issue between the two powers.

Italian support of Austrian independence may give Britain the

## 13 New Doors Given First Presbyterian

The sanctuary of the First Presbyterian church has undergone further improvements with the installation of 13 new doors to match the Gothic architecture of the interior.

Custom made by the Kankakee Woodworking shop, 10 of the doors leading from the vestibules into the sanctuary have hand made handles on the outside and plate glass push plates inside. The other three leading in from other rooms have the conventional knobs.

The doors were made possible by a gift of another church family and constituted the fourth such made to the church in the past six months. The other included a new organ, an altar cross, and a mural, "Christ Knocking at the Door," in the north vestibule.

When, in time of war, the President considered an immediate in-

## Schuschnigg Snubbed Hitler; He Must Go Into the Discard

By LOUIS P. LOCKNER

Berlin, Feb. 25.—(AP)—Austria's Chancellor Schuschnigg had the opportunity to rally to Hitler, he failed to seize it and therefore must go into the discard—this is the reaction of a number of leading Nazis in Berlin.

Their concern was because Schuschnigg did not praise Germany's Fuehrer in his speech to the Austrian parliament, broadcast from Germany.

Schuschnigg, reporting on the February 12 Berchtesgaden talks with Hitler by which Austrian Nazis gained amnesty for past political offenses and won entry into the Austrian cabinet, emphasized the nation's determination to retain sovereignty, as against the German idea of union of German-speaking nations.

Renews Colony Demands  
Hitler, in Munich last night for celebration of Nazdorn's 18th birthday, listened to Schuschnigg's broadcast speech before going himself to the famous Hofbrauhaus to restate Germany's demand for return of war lost colonies.

Speaking in the hall where he had announced creation of the Nazi party, Hitler proclaimed a new drive against "Jewish agitators in Germany."

Germany," said the nation would accept no substitute for her colonies, and summarized past achievements thus:  
Consolidation of Nazi power, protection of Nazis' rights externally, regaining of sovereignty over the whole reich, and regaining equality of rights for Germany among nations.

The Fuehrer attacked as malicious rumor-mongering stories he attributed to London that 40,000 Nazi Legionnaires in Germany were at the Austrian border despite the Berchtesgaden peace and another 10,000 were ready to march into Czechoslovakia, where reside 3,500,000 Germans.

Work of "Poison Makers"  
Such stories, he charged, were the work of "Jewish international poison mixers," and announced a new drive against "Jewish agitators in Germany."

"We soon will proceed energetically against Jewish agitators in Germany," Hitler said. "We know they are representatives of an international organization and we will treat them accordingly. . . . We know perfectly well these Jewish agitators do not fight in wars, but they are the only ones who profit from these wars."

One of the largest meetings in the history of the local council of the Knights of Columbus was held last night at K. C. hall for the following purposes:  
A reception for the Rev. Raymond B. Berneau, new pastor of St. Joseph church of Bradley, who was presented to the local council by Edward Johnson, grand knight of Father Peres council in Chicago, to which the Rev. Berneau formerly belonged.

A welcome to Edward Molyneux of Chicago, member of Father Peres council, who recently was appointed district deputy of the order in this territory. He spoke on Catholic activities.

To do honor to the "old-time" members of the local council, there being several charter members present. In this connection Attorney Victor Cardosi spoke on the duties of Catholic citizens and the Rev. William Cracknell, chaplain of the council, spoke on patriotic features of the order.

Presentation to the council by Fred D. Kamp, past grand knight, a papal medal awarded to the Knights of Columbus by Pope Pius XI in 1924 in commemoration of the Oratory of St. Peter's, one of a series of buildings and playgrounds built by the Knights of Columbus following the world war at the behest of the Holy Father.

The medal had been originally presented to the local council by the Rev. J. W. R. Maguire, past president of St. Viator college, who received it from the supreme officers of the order.

## 3 Kankakeeans' Wills are Filed in Probate Today

Three wills, all by Kankakeeans who died recently, were filed for probate today.

The will of Mandel Koppelman, former proprietor of the Kankakee Glass company, who died in Chicago on last Jan. 7, provided \$500 for his mother and the remainder of the estate goes to the widow Gertrude who is named executrix. The will was filed by Attorney Samuel H. Shapiro.

The will of Frank Glade, who died recently, gives the entire estate to the widow Minnie and names her executrix. Claude Granger is the attorney.

The will of Albertino Anderson, died by Attorney Eva L. Minor, gives \$1,000 to a daughter Ida May Childs and provides that the remainder of the estate be divided equally among the children Mrs. Childs, Lillian Herkert, Alma Benethum, Selma Madison, Alfred, Charles and Victor Anderson.

## MODEL HOME TO BE INSPECTED BY THE PUBLIC

Open House Satur-  
day and Sunday in  
West Kankakee

COST IS \$3,500

Open house at another of the low cost model homes built under supervision of the Federal Housing administration will be held tomorrow and Sunday from 9 a. m. to 8 p. m. at 591 South Small avenue. The opening was postponed from last week because of inclement weather.

This dwelling is the ninth of a group constructed in West Kankakee by Contractor George Johnson of the ABC Construction company. Of frame construction, it has four rooms, bath and basement, modern in every detail with 40 outlets for electrical appliances. These homes were designed to sell for \$3,500 or less.

All were financed by loans through private mortgage companies, with loans guaranteed by FHA and with finance charges at 5 per cent. All plans specifications were approved and loans were insured by FHA before construction started. The purchasers pay a small down payment and move in, financing the rest like rent in payments amounting to \$25 or less per month.

Next week Johnson will break ground for the 500 block on South Small avenue for his own home. This is the first of a new group of seven on which construction is being launched this spring. Four of these are in West Kankakee, two in Sunnyside and one in the 100 block on South Forest avenue, Bradley.

Besides Johnson's new home, others in West Kankakee are located in the 100 block on North May, 400 block on South Main, and 100 block on South May.

With announcement that Curtis avenue is to be paved with asphalt this spring from the county's share of state gas tax funds, still more prospective home owners are considering purchase of lots in the West Kankakee subdivision. In the past year alone, construction was started in this area on close to 100 new homes.

Home ownership is made still more easy with the new FHA amendments which liberalize still further the financing of residences. Since Feb. 1, any person who has applied for a FHA insured loan may participate in this arrangement which provides loans up to 90 per cent of the total cost and permits repayment over a 25-year period instead of 80 per cent and 20 years as formerly.

## Inquest Jury Holds Driver of Death Car

A verdict recommending that J. H. Corcoran, tree-trimmer of 456 South East avenue, be held under charges of reckless driving and leaving the scene of an accident was returned by an inquest jury yesterday afternoon.

This jury on Monday heard the inquest, conducted by Coroner A. E. Keger, into the death of Archie C. Wildman, property manager for the Kankakee Federal Savings and Loan association, as the result of an automobile accident Feb. 14. The jury took the matter under advisement until yesterday.

While giving the opinion that Wildman's death was from accident, the jury also found that Corcoran, whose car was involved in the accident, was driving recklessly with faulty brakes and that he failed to stop for a through street.

Corcoran already was under arrest charged with reckless driving and leaving the scene of an accident. The date of his hearing has not been set.

The accident took place at the intersection of Rosewood avenue and River street. It was charged that Corcoran failed to stop for River street and crashed into the Wildman car, knocking it into a truck of the Ash-Grove Dairy company. It was also charged that Corcoran failed to properly report the accident.

Corcoran, represented at the inquest by Attorney Fred R. Smith Jr., denied these accusations.

## GEN. PERSHING RALLIES FROM COMA; END NEAR

Famous Commander  
Fighting Desperately for Life

Tucson, Ariz., Feb. 25.—(UP)—General John J. Pershing, wartime commander of the American expeditionary forces, rallied today from a coma and although his physicians gave him little chance to recover he jested with his aide.

The 77-year-old commander of the American armies overseas rallied after an intravenous injection of a stimulant and this morning his chauffeur and aide for the last 10 years, Sergeant S. C. Schaeffer, came into the sick room in a cottage on the fringe of the desert. Sergeant Schaeffer leaned over the bed.

"General, do you know who this is," the sergeant asked.

General Pershing looked up, smiled and replied:

"I don't know what you call yourself now, but you used to be Sergeant Schaeffer."

General Pershing is suffering from a heart ailment induced, his physicians said, by strenuous activity in recent years in connection with his work with the battle monuments commission.

Dr. Roland Davison reported at 7:30 a. m. that General Pershing's condition was unchanged since the early morning hours. The patient's blood pressure was normal, Dr. Davison said.

The general was given a stimu-

## Jury Convicts Father For Failing in Parental Duties

Carl A. Fromm, 38, former Kankakee, Chicago accountant recently arrested in Chicago, was found guilty this morning of failure to provide for his three children.

An 11-man jury took the case at 4:30 o'clock last night and returned a sealed verdict, which was opened this morning, three hours later. The jury's first vote was 7 to 4 for acquittal and the second 7 to 4 for conviction.

This morning Attorney Len H. Small and Fred R. Smith Jr., representing Fromm by appointment of the court, entered a motion for a new trial which was taken under advisement. County Judge John H. Beckers indicated that he might accept a \$2,000 bond by which Fromm would insure that he will provide for his children.

Testify Against Dad  
Two of the defendant's children, Charles William, 10, and Shirley, 6, who live in Kankakee, were witnesses yesterday for the prosecution which was conducted by Assistant State's Attorney Victor Lauridsen.

Fromm admitted that he never had seen his six-year old daughter

## 1 REPUDIATES CONFESSION OF GRANT PK. CRIME

John Blievernicht  
Killed by Negro  
Rustlers

HELD IN CHICAGO

Four colored men were being held in Chicago today as suspects in the murder of John Blievernicht, 21-year-old Grant Park farm hand, on the night of Aug. 22, 1935, near the August Timme farm near Grant Park.

The suspects are: Albert Lavance, 38, of Grand Rapids, Mich., regarded as the most important of the four prisoners; Claude Hill, 26; Buford Slaughter, 40, and Malcom Dunstan, 35, all of Chicago.

Sheriff John Stack, Assistant State's Attorney Victor Lauridsen and Deputy Sheriff Gene LaFontaine were in Chicago last night to question the suspects and today were making preparations for having them brought to this county.

Implicates Others  
The officers said this morning that Lavance confessed to the murder of Blievernicht when the farm hand accused them with a rifle as they were stealing poultry from the Timme farm, and Lavance at that time implicated the other prisoners.

Later, when confronted by the other men, he repudiated his statement insofar as it implicated the other suspects and still later he repudiated his own confession.

When Lavance was taken to Chicago from Grand Rapids to be questioned concerning the murder, Sheriff John Hanrahan at the Detective bureau asked him:

"I suppose you know why you are here?"

"I Killed the Man"  
Lavance is quoted as replying he supposed it was because of a shooting near Kankakee. "I killed the man with a .38 automatic, he said later.

In his original statement Lavance, according to the officers, also implicated Eugene Schlicht, another Chicago colored man, who was shot in a holdup several months ago in Chicago. With a bullet in his breast, this man fled south by train and later fell dead in Memphis.

The five men above named have been sought for a long time, Sheriff Stack having had warrants in

## Police Ball Draws a Record Throng

"How many people attended the 24th annual police benefit ball last night at the Del Rio ballroom? Figure out how many it will hold normally, then double it!"

That was the best estimate obtainable today of the bluecoats' blowout, which was easily the largest of its kind in recent years. Autos were lined up for blocks in all directions from the ballroom. Five persons in the checkroom put away clothes of newcomers until long after midnight.

Wives became separated from husbands in the crowd and didn't find them for hours. All the refreshments were consumed and those who could hear the music danced on a crowded floor like straphanging patrons in a subway train.

before and that he had not seen his son for six years. Another daughter Sally, 9, is in Chicago and the mother is in a sanitarium in Pontiac.

Fromm testified that he, while earning \$200 a month, paid \$100 a month, and later \$125 a month, for the support of his family until he lost his job. Since then, he said, he has been financially unable to do so, but would have, had circumstances permitted.

Falls in Duty  
The prosecution entered evidence to the effect that during 1937 the defendant paid only \$175 for the support of his family but Fromm insisted that he paid \$475 in the first four months of the year. It was in May, he said, that he lost his job.

In answer to the charge by the prosecution that he failed to visit his children, to write to them or to send them Christmas or birthday presents, Fromm testified he was prevented from doing so part of the time because he was so far away and at other times because he had no money.

# SCHUSCHNIGG IS HAILED AS A GREAT HERO

## Non-Nazis Pledged to Fight for Independence SOME REACTION

By ROBERT H. BEST  
Vienna, Feb. 25.—(UP)—Austrian non-Nazis hailed Chancellor Kurt Schuschnigg as a national hero today and pledged themselves to fight for their country's independence.

Nazis, restless, suspicious, resentful and somewhat hostile, are expected to register this week-end by means of demonstrations—in defiance of a ban of their own Nazi minister of interior—in protest against the chancellor's vigorous speech to the federal diet and his ringing, defiant, final words:

"Until the banner of our beloved fatherland, Austria!"

The first Nazi reaction today came from Linz, where, as elsewhere throughout the country, teachers explained the speech to their pupils. In Linz, the explanation was given between 500 and 600 boys of the college at Linz paraded after the teachers' explanation, shouting: "Hitler! One nation, one Reich!"

Recently the largest college at Linz, because of studies painted swastikas and other Nazi emblems and slogans on classroom walls.

Newspaper headlines showed plain the popular feeling. Crammed into the lines of type was jubilation. "Austria, free and independent," "Austria remains free and independent!" "A statesman has spoken!" "Berchtesgaden: A monument to Austria's freedom!" "Now there will be peace."

German Nazis Annoyed  
Now the Nazis annoyed the reaction of their own Nazis and the Nazis of Germany, reported themselves to have been surprised and annoyed by the firm tone which Schuschnigg took in a speech regarding non-Nazi Austria as a matter of historic importance. It was determined that Schuschnigg had gone on record as a determined defender of Austria's independence and Christian state foundations should be defended to the death.

It was admitted in view of the speech, that the dangers to be feared had been exaggerated by the overstatement, war-seared word, Schuschnigg and many persons of the Austrian press generally had been inclined to believe that Hitler's Adolf Hitler could be trusted not to use armed force against Austria. Yet an avalanche of rumor had been set in motion.

Schuschnigg's speech, however, and the plain steps of Nazi resistance, it was realized yesterday that the reaction of the chancellor's address might be wide. Germany has a powerful trade weapon as a result of its policy that Nazi regarded the government here as recalcitrant and uncooperative.

# 'Bundling' Courtship Still Practiced By Members of Amish and Mennonite Sects

By LLOYD L. BOWERS  
International News Service Staff Correspondent  
Harrisburg, Pa. Feb. 25.—(UP)—Bundling, or courting in bed, is a custom that has been practiced among some of Pennsylvania's Amish and Mennonite sects for centuries.

The stories on the unique form of courting, however, are slower to get to the outside world than they were years back. Some forms of it are still evidenced in the Kankakee valley in Illinois county.

The technique employed differs sometimes the girl is placed in a bus with nothing but her head sticking out and the boy is then allowed to crawl into bed beneath the covers with her. Children are taught to be frugal. In the Mifflin county section, "buggies" are still popular among the Amish. It is a common sight there to see members of the buggies parked about the small village church. Some of them are two-wheelers. These carry the whole undertones of Schuschnigg's speech yesterday, but he could not speak too plainly because his immediate job was to emphasize his, and the country's diplomatic success at the Berchtesgaden negotiations with Hitler.

Few of thousands of people offered Schuschnigg as he left parliament last night. Unaccompanied by any guard, he tried to drive home. The crowd surged in and stopped. His car hit power poles and he left it to march at the head of a gigantic informal parade to the gates of the imperial palace, where he mounted a rostrum and waved to the people. Then he was permitted to drive on.

Illini Students May Have to be Vaccinated Soon  
Champaign, Ill. Feb. 25.—(UP)—President Arthur C. Willard of the University of Illinois and health officials were to confer today on emergency regulations to check the spread of a smallpox outbreak.

On the recommendation of Dr. C. Howard Reed, university health officer, the board of trustees probably would issue an order barring—except—class—students—non—harmless—against the disease.

Yesterday, health authorities reported that 10 smallpox cases had been discovered in the Champaign-Urbana public health district during a 48-hour period.

Dr. H. Howard Gordon, director of the health district, ordered all children who had not smallpox been immunized excluded from school. The order affected all public and parochial schools as well as the university high school and activities following community—program, Margaret Smith, chairlady, Marguerite Klipp, Norma Blum, finance, Eleanor Smith, chairlady, Elizabeth Starnish, Bernice Toluiss and Doris Hasenauer, membership, Bernadine Longtin, chairlady, Frances Marlaire and Isla Mae Umphrey.

Children are taught to be frugal. In the Mifflin county section, "buggies" are still popular among the Amish. It is a common sight there to see members of the buggies parked about the small village church. Some of them are two-wheelers. These carry the whole undertones of Schuschnigg's speech yesterday, but he could not speak too plainly because his immediate job was to emphasize his, and the country's diplomatic success at the Berchtesgaden negotiations with Hitler.

Few of thousands of people offered Schuschnigg as he left parliament last night. Unaccompanied by any guard, he tried to drive home. The crowd surged in and stopped. His car hit power poles and he left it to march at the head of a gigantic informal parade to the gates of the imperial palace, where he mounted a rostrum and waved to the people. Then he was permitted to drive on.

## FLAMING CRASH CLAIMS 3 LIVES IN CALIFORNIA

**Titled English Pair and Pilot Die on Hearst's Ranch**

### FOG IS BLAMED

San Luis Obispo, Cal., Feb. 25—(UP)—Two titled English guests and the pilot who was flying them to visit William Randolph Hearst in one of the publisher's airplanes died in a flaming crash in a fog on Hearst's San Simeon ranch near here.

The dead: Terence Conyngham Plunket, 38, sixth Baron Plunket of Newton, member of the Irish parliament, and close friend of King George. Lady Dorothy Mabel Plunket, 38, daughter of Fanny Ward, the actress, heiress to a \$3,000,000 fortune, and a lady-in-waiting to Queen Elizabeth. Pilot P. J. (Tex) Phillips, of Burbank, Cal., a motorcycle policeman who flew for Hearst in his spare time.

**Third Seriously Injured**—A third guest was seriously injured, James Lawrence, son of Sir Walter Lawrence, a London contractor, was burned and one of his ankles was fractured.

The plane overshot the private airport on the ranch yesterday afternoon and crashed about four miles from the high hilltop mansion where Hearst and other friends were waiting to welcome them.

Phillips took off with his passengers from Union air terminal at Burbank about 3 p. m. in a single-engine biplane owned by the San Francisco Examiner, one of Hearst's newspapers. Near the end of the 150-mile flight he encountered a sea-coast fog and missed the ranch airport by about one mile. Too late, the pilot apparently discovered the error and turned back, but one wing scraped the ground as he banked through the fog. The big all-metal plane heeled over and burst into flames.

**Arrived Two Weeks Ago**—Lord and Lady Plunket arrived in the United States aboard the liner Normandie two weeks ago and flew to the Pacific coast to spend the winter near their friends, Douglas Fairbanks, the retired motion picture star, and his wife, the former Lady Ashley.

The Hearst home to which they were flying is one of the show places of the Pacific coast. The towered castle is perched atop a hill and dominates the seacoast like a medieval fortress.

Lord Plunket succeeded to his barony in 1920. The 111-year-old title now passes to his eldest son, Hon. Patrick Terence William Span Plunket, who is 15. In addition to the new baron, he leaves two other children. Plunket was educated at Wellington and the royal military college at Sandhurst.

**His American-born wife was** Dorothy Mabel, daughter of the late Joseph Lewis, a Transvaal diamond magnate, and Fanny Ward, the actress known as the "perennial flapper."

**Crash at Reno**—Feb. 25—(UP)—One person was killed and four persons were injured, one seriously, today when a private cabin plane went into a sideslip during a take-off from the Reno airport and crashed from an altitude of 100 feet.

Robert Hancock, 52, San Francisco, described as one of the oldest private pilots still in active service, was killed.

Mrs. Lois Clarke De Ruyter Spreckels Clifton, daughter of a wealthy New York banker and recent Reno divorcee, suffered serious head injuries and possible internal injuries.

Adolph Spreckels, Jr., heir to a sugar fortune and socially prominent in San Francisco; Mrs. Alex Young, San Francisco; and Leslie Rex, San Francisco, suffered from cuts, bruises and shock.

Shakespeare found material for "King Lear" in the writings of Geoffrey of Monmouth, a Welsh historian.

### Purebred Holstein Wins State Honors

Urbana, Ill., Feb. 25—(UP)—For the second successive year, a purebred Holstein, owned by W. T. Rawleigh, Freeport, has been awarded first place as the state's high producing dairy cow during 1937 on its record of 966.3 pounds of butterfat and 23,069 pounds of milk, it was announced today.

Rawleigh's cow, according to C. S. Rhode of the dairy department, University of Illinois college of agriculture, was the highest producer of 227 cows eligible for "membership" in the 500 pound butterfat cow club.

The "queen" of Illinois dairy cows, finished the year with 180 pounds of butter fat and 2,663 pounds of milk more than her 1936 record, Rhode said.

Second high was a cow in the herd of Frank Rief, Hampshire, with 877.9 pounds. Third place went to an entry from the herd of Porter Fox, Wasco.

Of the 227 cows producing 500 pounds or more of fat, 125 were Holsteins, 45 Guernseys, 45 Jerseys, 11 Brown Swiss and one of mixed breeding.

Only the Rawleigh cow produced more than 900 pounds, only the Rief cow exceeded 800 pounds, four were above 700 pounds, and 28 were above 600 pounds. Sixty-one cows had previous records of more than 500 pounds of fat.

Winnebago county had the largest number to meet membership requirements, with 22 topping the 500-pound mark. Kane county, in first place the previous year, was second with 21 in that class. Tazewell county had 17, McHenry 16, Moultrie 16, Stephenson 16, and McLean 15.

W. T. Rawleigh, Freeport, 966.3 pounds; Frank Rief, Hampshire, 877.9 pounds; Porter Fox, Wasco, 759.2 pounds; Adelman farm, Barrington, 730.9 pounds; Joseph George, Cortland, 718 pounds; E. E. ## Special Pensions Proposed to Help Retirement System

Washington, Feb. 25—(AP)—A high administration official suggested today that special pensions be added to the railroad retirement system, to take care of older workers who lose their jobs when railroads merge.

These pensions, he said, informally, might allow organized labor's fear of loss of livelihood and thereby facilitate consolidations designed to save money.

The present railroad retirement act provides pensions for employees over 65, or over 60 in the case of workers with 30 years' service.

The direct means of accomplishing mergers to end what President Roosevelt has called "wasteful competition" may be discussed at a White House conference within the next week or two.

Some officials are urging compulsory unification, but it was learned the administration also is studying the possibility of letting the roads carry out voluntary consolidations by hastening pending reorganizations of 95 roads.

Proponents of the voluntary plan argue that as long as the weaker roads escape payment of bond interest and similar fixed charges through intermixture reorganization proceedings, they have little incentive to merge with their stronger brothers.

**Infant Mortality Rate in Illinois is Lowest on Record**

Springfield, Ill., Feb. 25—(UP)—The infant mortality rate in Illinois was the lowest on record last year as the birth rate rose sharply and general mortality declined, a state health department report showed today.

Provisional figures released by Dr. A. C. Baxter, acting health director, last night showed 115,283 births reported last year for the highest number since 1931. The birth rate was 14.6 per thousand population compared to 14.3 in 1936 and the all-time low of 13.9 in 1933.

The infant mortality rate was 44 deaths per thousand births. There were 4,964 deaths among babies under one year of age. The best previous record was 45.9 in 1935. Since 1927 the rate has declined from 64.4.

Total number of deaths in the state was 67,741 for a rate of 11.1 per thousand population. Baxter said the rate was one of the lowest ever recorded in the state. In 1936 the mortality rate was 11.8 with 92,811 deaths.

In a report today, Dr. Baxter warned victims of the measles epidemic in the state to guard against pneumonia.

"An attack of measles predisposes to pneumonia," he said, "especially in young children."

"Under prevailing conditions it will be extremely difficult if not impossible to protect children from exposure to measles but good medical and nursing care and plenty of time for convalescence will minimize the risk of pneumonia as a complication."

Baxter pointed out that case reports of measles in the state reached an all time high last week with 6,278.

He said serums were useful only when used after exposure but before the appearance of symptoms of the disease and indicated the danger of pneumonia was greatest with children under five years of age.
